## Work Experience

### Graduate Architect | Ae7

2017-2018

Pittsburgh, PA, United States

Worked predominantly on the Shell and Landscape team of a large scale multi-use project. Took over direct communication with overseas structural engineer team to work out structural details that represent the design intent of the Shell. I also worked on iterative conceptual design options, 3D-modeling and drawings as part of developing the Landscape strategy.

### Architectural Intern | Alargan Group

2016

Kuwait Free-Zone, Kuwait

Collaborated with fabricator on design and shop drawings of a complex joint for an outdoor aluminum canopy. Developed plans and arrangements for a housing development project.

Worked on conceptual design of a gym facility in Sabah-Al-Salem in Kuwait and gave a presentation to company CEO of the ideas.

## Awards

### Design Commendations | CMU SoA

Fall 2016

+

Spring 2016

### Steel Deck Competition | Epic Metals

2015

Finalist in competition sponsored by Epic Metals to design a collapsible changing room made entirely from their metal decking products.

### Saco Bathhouse Competition | CMU SoA

2014

Designed and developed all drawings and presentation boards for this school-sponsored competition.
