Woodworking

Coding

HTML
CSS

Languages

English (fluent)
Arabic (native)

EDUCATION

University of Pittsburgh

2018-2019

Masters in Management Information Systems. (STEM)
Katz Graduate School of Business

Duquesne University

2018

MBA in Sustainable Business Practices
Summer Semester

Carnegie Mellon University

2012-2017

Bachelor of Architecture
Minor in Business Administration

WORK EXPERIENCE

Freelance

2019

Analyzed Fuel Nutrition brand and outlined strategy to strengthen brand identity. I put together a concept design for Fuel's pilot men's saloon which included design guidelines, architectural drawings, and business strategies to increase brand awareness and bring in customers

Graduate Architect | Ae7

2017-2018

Worked on the Facade and Landscape team of a large scale multi-use project. Reduced turnaround time >50% by streamlining change request process between the state side design office and overseas structural team. Also worked on iterative conceptual design options, 3D-modeling and drawings as part of developing the landscape strategy.

Architectural Intern | Alargan Group

2016

Collaborated with fabricator on design and drawings of a complex joint for an outdoor canopy. Developed plans and arrangements for a housing development project. Undertook conceptual design of a gym facility in Sabah-Al-Salem, Kuwait and presented ideas to company CEO.

RECOGNITION

Design Commendations | Carnegie Mellon

2016-2017

End of semester award for exceptional design skill and intuition.

Collapsible Changing Room | Epic Metals

2016

Finalist in design competition sponsored by Epic Metals.
